PLEASED WITH TRIP

MEMBERS OF COMMERCIAL CLUB WELL ENTERTAINED.

NORMAL WAS ADVERTISED

And Speakers Talked of the State Institution—Adopted Resolutions—Thanking Ad Club.

Members of the Maryville Commercial Club who were guests of the St. Joseph Ad Club Wednesday at St. Joseph were well pleased with the royal entertainment extended by the members of that organization. The Commercial Club adopted the following resolutions on returning to Maryville Wednesday evening:

Resolved, That the members of the Maryville Commercial Club hereby express their appreciation of the royal entertainment given them by the St. Joseph Ad Club at the Maryville Day luncheon on April 19, and also express their thanks to those speakers who presented the advantages of Maryville and the Northwest State Normal at the banquet table.

The banquet room in the Hotel Robideaux, where the luncheon was held, was decorated with the Normal pennants and at each plate was a catalogue of the school for the summer term.

The speech of President H. K. Taylor was well received and much favorable comment made of it. Mr. Taylor had only a few minutes to speak in. The other addresses by Prof. J. E. Cameron and Prof. G. H. Colbert of the Normal, and W. G. Hine of Savannah, were also good.

One remark in Mr. Hine's speech in referring to the victory of Maryville over Savannah in securing the Normal was: "We raised enough money to get the school, but we didn't see the right parties."

Two songs by Ezra Harrison, who was nominated by President Taylor as "poet laureate of the occasion," were given. Mr. Harrison composed the words of the song, which follows: "There's a place in Northwest Missouri;

It's Maryville, Missouri. She boasts of a State Normal, Which makes her justly proud. To our city they have journeyed And many good words they have murmured.

For they know they are welcome And are happy with us now.

Maryville, Missouri, A State Normal they can show you— One of the best of institutions To be found any where. It's in charge of first-class people, As straight as a church steeple, And we know that they'll look After our State Normal Affairs."

Mr. Harrison was well applauded and sang another song, the words being as follows:

"In Northwest Missouri, there's a school of which we're proud; Maryville State Normal, her praise sing aloud. We welcome her officials, who are men of great renown; You are our guests today.

The next thing that our visitors should try to do

Is fill out application blanks that will be given you. And become members of the Ad Club; They'll be glad to put you through And you'll benefit right away.

The Shakespearean department of the XXth Century Club entertained the Tourists of the club Wednesday afternoon at the home of Mrs. G. B. Holmes in Holmes Heights. There was a large attendance of the members. The rooms were decorated in the club colors, lavender and white, white tulips tied with lavender tulle being used in the decorating and the refreshments were in the same colors. In the receiving line were Mrs. G. B. Holmes, Mrs. Berney Harris and Mrs. O. C. Hanna, officers of the club. Mrs. C. C. Corwin and Mrs. Horace Leet presided in the dining room, and they were assisted by Miss Donna Sisson, Miss Emma Lee Taylor and Miss Clara Sturm. Mrs. J. F. Montgomery and Miss Della Gremis served coffee. The committee having in charge the arrangements for the afternoon were Mrs. George P. Bellows, Miss Clara Bellows, Miss Donna Sisson and Mrs. D. J. Thomas. In the Shakespearean contest Mrs. Will Wallis, Jr., won the prize for answering the questions correctly. The prize was an enlarged picture of a kodak picture of the Ann Hathaway cottage at Stratford, England, taken by Mrs. George Bellows nearly two years ago, while on a European tour in company with Mr. Bellows. The little village of Stratford-on-Avon and Mr. and Mrs. Bellows walked to the place by the little footpath that leads there from Stratford-on-Avon. The cottage is practically in the same condition it was when Ann Hathaway lived in it and where she was courted by Shakespeare. The government of England purchased the cottage in 1892 for £3,000 and the man in charge of it, William Baker is a direct descendant of Ann Hathaway. The English government takes care of the little place as carefully as the United States government cares for Mt. Vernon, the home of Washington.

SCHOOL BILL SIGNED

GOVERNOR APPROVED THE CARTER SENATE MEASURE.

ATTENDANCE MADE BASIS

State School Funds Will Be Distributed Under Different Plan—Eliminates "Padding."

Governor Hadley Tuesday evening approved the Carter senate bill, which provides an entirely new method of distributing the state's school money.

This measure no doubt will attract quite as much general attention as any act that has passed the last legislature, since it will reach every one of the 10,000 school districts in the state.

The old method of distributing the school money was based entirely on the population of school children. The Carter bill bases the distribution on the actual number of children who attend the public schools and the number of teachers employed.

The sum of \$50 goes to each county for every teacher employed who teaches exceeding fifteen children, and \$25 per teacher for those who teach less than fifteen pupils. Where teachers are paid \$1,000 a year and more \$100 is set apart. Otherwise the appropriation must be based upon the average daily attendance of pupils.

This bill was the result of a custom in vogue in a good many parts of the state of padding school census. Senator Carter caused an investigation of the school enumeration of St. Joseph, and abundant evidence was obtained to show that the school census there had been padded for the last five years.

MEMORIAL SERVICES TO BE HELD SUNDAY

The I. O. O. F. lodge will hold their memorial services Sunday afternoon at 2:30 o'clock at the M. E. Church, South. The occasion is the 92d anniversary of the Odd Fellows Memorial. All members of the lodge are requested to meet at the lodge hall at 2 o'clock, so as to march in a body to the church. The Rebekah members are also requested to attend. The general public is cordially invited to attend the services.

President Taylor Will Speak.

WHY COLLEGE GIRLS ARE OFTEN UNATTRACTIVE

Two momentous riddles have been solved in Boston, both by women. They are:

"How can you tell if a man is a bachelor?"

Why is the college girl often more unattractive than her sister who stays at home?

The first question is answered thus in the Cleveland Plain Dealer by Mrs. Emma W. Clark, president of the Boston Woman's League, who opposes a tax on bachelors:

"Bachelors, the voluntary and hopeless kind, can easily be distinguished. On a recent trip to Hull with my friend, Miss Floretta Vining, who believes in taxing bachelors, I told her I could pick out every bachelor in our car, regardless of the fact that I didn't know of any of the men. I pointed out several men to her as bachelors. She admitted I was right and wondered how I did it. I didn't tell her, but it is because every bachelor of that kind has a furtive look, something akin to that of a hunted animal, always on the watch for snares and pitfalls.

"I divide the unmarried into two classes, bachelors and spinsters. The two classes are quite distinct. Any woman may marry if she will, but it often happens that the only one who appears sufficiently pleasing in the eyes of a man obstinately refuses to marry him. The only condition for women, therefore in a broad sense, is voluntary, while in the case of men it is unavoidable and, of course, not properly punishable."

Miss Imogen Kelly, a Wellesley senior, answers the second question thus in the Wellesley College News, of which she is the editor:

"The girls at Wellesley, as a rule are not beautiful, and for that reason these girls must educate themselves for the time when they will go out into the world and be obliged to support themselves. If they were more attractive they would be married and there would be less pressing need for college education. The average woman in college does not think it worth while to be particular about her gowns and what she wears, because she figures that only girls will see her. This, with other hurry habits, go a great way toward making one look slipshod and carelessly attired."

Came for Lacie's Funeral.

L. E. McKee arrived in Maryville on Thursday morning from Colorado to attend the funeral services of his uncle, David T. McKee, who died on Tuesday morning at his home ten miles north of the city. The services were held at Myrtle Tree church at 11 o'clock Thursday morning. Mr. McKee is formerly of Maryville and is a son of the late Joseph McKee, who lived on East Third street for many years.

Was Guest of Cousin.

J. B. Cooper of El Paso, Tex., spent Wednesday and Thursday in Maryville the guest of his cousin, Mrs. Frank Walts, of North Mulberry street. He left Thursday noon for Milwaukee to report to the Allis-Chalmers company of that city, which he represents as a traveling salesman.

To Meet As a Board of Appeals.

The county court with Sheriff Tilson and County Surveyor Miller will meet as a board of appeals next Monday.

RETURNED TO THEIR BURLINGTON HOME

Mr. and Mrs. F. E. Yaley, who comprised the Yaley Mercantile Company of this city until a few days ago, when they sold their stock to Henry Anderson of Exira, Iowa, left Thursday noon for their home at Burlington, Iowa. Mr. and Mrs. Yaley are very pleasant people and we regretted their leaving our business circles. They bought out the Maryville Mercantile Company last November as a business investment only and had no thought of making this city a permanent home, as their home and larger business interests were in Burlington.

ATCHISON FARMER NEAR SKIDMORE DEAD

James Colwell Botkin, an old and respected citizen of Atchison county, died at his residence, nine miles west of Skidmore Wednesday morning with heart failure. His death was a great surprise to his family and neighbors, as he was in his usual health up to almost the time of his passing away.

The first and only warning of his condition came Tuesday evening while he was in the barn lots walking around when he fainted. He recovered from that, however, ate his supper and went to bed as usual. About 4 o'clock Wednesday morning he awakened his wife by a coughing spell and before she could get up to call the neighbors and relatives he passed away.

Mr. Botkin was born in Indiana and came to Missouri about thirty years ago. He settled in Atchison county and became one of the farmers of that part of the country. He leaves to mourn their loss his wife and two sons, Edward and Halfred, both prosperous farmers and stockmen of Atchison county.

The funeral services will be held Friday, conducted by the Rev. C. H. Sanceman and Rev. Reuben Barrett; burial at the Burr Oak cemetery—Skidmore New Era.

MADERO MOVING AGAINST JUAREZ

Insurrectos Demand Surrender
of the City.

CLAIM TO HAVE IT SURROUNDED

Rebels Ask General Navarro to Turn City Over to Them Within Twenty-four Hours—Note Sent to American Consul Edwards.

Insurrectos to Camp Madero, Chihuahua, Mex., April 20.—Francisco I. Madero, Jr., is marching on the city of Juarez at the head of 1,940 insurrectos, divided into five columns, one under the direction of Madero and the others under the rebel generals, Orozco, Blanco, Villa and Salazar.

El Paso, Tex., April 20.—A formal demand was made on General John Navarro for the surrender of Juarez to the insurrecto army of Francisco I. Madero within twenty-four hours. The demand reached General Navarro's headquarters while he was in inspecting fortifications for the city's defense.

The above was confirmed by Gonzales Garza, secretary general for the insurrecto party, who said:

"Formal demand of the insurrectos for the surrender of Juarez within twenty-four hours has been made on General Navarro, commander of the federal garrison of Juarez. The note was sent from El Paso by a messenger to American Consul Edwards in Juarez to be transmitted by him to Navarro. No reply has been received." Later it was learned that Consul Edwards delivered the note at Navarro's headquarters while the latter was away on a tour of inspection.

Gonzales Garza received passports during the day, he said, permitting him to cross the line to visit Francisco I. Madero and lay before him the plans of Dr. Gomez to Washington for an armistice to discuss peace terms. Garza declared that he did not know whether he would go, as he did not know exactly where Madero was at this time.

Garza, when asked about the troops, said: "Everybody knows the insurrecto forces have Juarez surrounded. I do not know when they will attack. Yes, I have delivered the messages from Dr. Gomez to Mr. Madero. No, I have no orders from Gomez to Madero to cease fighting. Madero himself is the only man who can give orders to stop fighting."

Rebels Burn Freight Depot.

Agua Prieta, Mex., April 20.—Shortly after daylight a daring band of insurrectos, numbering only a half dozen or so, stole into Agua Prieta and set fire to the Nacozari railroad station, which was destroyed with its valuable contents. The federals fired upon the invaders and two or three of them were killed.

St. Louis, April 20.—Five men were placed on trial in the United States circuit court on land fraud charges. They are Henry S. Whitman, Gilbert V. Whitman, George B. Gale, George M. London and James A. London, Jr.

The defendants are charged with being interested in a trust company at Fredericktown, Mo., and attempting to evade the law which prohibits any corporation or association of men from acquiring more than 150 acres of government land.

Says Peace Is in Sight.

Washington, April 20.—Peace in Mexico will soon be restored, according to Senor Manuel de Zamacona, the new ambassador of Mexico to the United States, who was presented to President Taft. The ambassador made this prediction in a formal speech to the president. In reply, President Taft said the people of the United States hoped peace would soon prevail.

FARMERS' FREE LIST MEASURE

Underwood Reports on Bill for Relief of Tillers of Soil.

TEN MILLION CUT IN REVENUE

Agricultural Implements, Lumber, Barbed Wire, Meat Products, Leather and Shoes Placed on Free List. Beer Trust Is Assailed.

Washington, April 20.—The majority report of the ways and means committee on the so called farmers free list bill, submitted to the house by Chairman Underwood, is a merger of Democratic political argument and analysis of the proposed duty exemptions.

The report shows that the bill would reduce the tariff revenue \$10,016,495 based on the importation for the last fiscal year, an amount described as "inconsiderate in comparison with the great saving and advantages to our people with the additions to the free list provided for."

Quoting President Taft's recent Canadian reciprocity speeches, the report seeks to convey the impression that the administration is convinced that protective tariff rates are too high. Trusts Control Farm Tools.

The report takes up in detail the classified list of articles included in the free list bill. Regarding agricultural implements, it says their manufacture is controlled by trusts and combinations that have sold in foreign countries at lower prices than at home, building up their foreign trade from \$3,859,184 in 1890 to \$28,124,032 in 1910.

Bagging and baling materials, essential in the transportation of agricultural products, the report says, cannot receive benefits of protection in home markets and duties on them "have annoyed and burdened the farmers to add to the profits of exacting trusts and combinations."

Concerning hoops, bands and ties of iron and steel, barbed wire for fencing, etc., the report says the high duties make the people dependent upon the "giant steel industry," which for years has sold products abroad lower than to domestic consumers.

The placing on the free list of all forms of leather, the committee argues, will be of advantage in manufacturing and necessarily of benefit to agricultural producers as well as to all the people.

"Beer Trust" Is Assailed.

The beer trust is assailed in discussion of the free listing of fresh meats and meat products. "The existing duties on meats and meat products," it is asserted, "are for the advantage of this combination only—a combination that controls the markets both in buying and selling, and the result is a substantial addition to the high cost of living from which the people suffer." Removal of duties on these products, it is argued, will place the farmers in a free market as to foodstuffs and food products.

In discussing free lumber placed in the bill, hard wood excepted, the report maintains that the ownership of timber in this country has become practically a monopoly and has passed for the most part into the hands of great corporations and interests which are speculating on the increasing scarcity.

Cannon Opposes Free Print Paper. A bitter denunciation of newspaper influence in connection with the fight over free print paper legislation in the last national campaign was made by former Speaker Cannon in a vigorous speech in the house, in connection with his opposition to the Canadian reciprocity bill. He insisted print paper should be taxed for protection.

6,500 FURNITURE WORKERS STRIKE

Employees of Big Plants in Grand Rapids Quit Work.

Grand Rapids, Mich., April 20.—The long expected strike of the furniture workers of Grand Rapids, which has been hanging fire for several weeks and which involves about 6,500 men, was officially declared on.

The union men in nearly every furniture factory, including wood working shops, packed up their tools and walked out. Between 6,000 and 7,000 union men went out. Some 3,000 other employees, who are not unionized, are affected by the strike.

The strike came to a head as the result of the manufacturers' refusal to grant any concession to the men. The men ask 10 per cent increase in wages and abolition of piece work.

CATHEDRAL DEDICATED

Magnificent Structure in New York Fourth Largest in World.

New York, April 20.—With solemn ceremony and in the presence of a notable gathering of clergy and laity, the completed portions of the Cathedral of St. John the Divine, on Morningside Heights, were consecrated according to the rites of the Protestant Episcopal church. The impressive offices were presided over by the Rt. Rev. David H. Greer, bishop of the diocese of New York.

The ceremonial began with the procession of ecclesiastics, preceded by the vested choir of boys, across the walk from the synod house to the huge mass of gray stone, still outwardly crude, but representing an important step in the work of making the Cathedral of St. John the Divine the fourth largest cathedral in the world.

Within the structure, where many beauties of the decorative scheme are already worked out, the procession proceeded under the great dome and with impressive exercises the presentations of the Chapel of St. Saviour and St. Columba and of the altar, organ and choir were formally made and the consecration ceremonies performed. Music from the great organ and choir played a notable part in the ceremonial.

Bishop Greer preached the sermon of the day, dwelling on the value of the present-day cathedral as a force for righteousness in modern life.

Expediting Mail Parcels.

WYETH'S SAGE AND SULPHUR HAIR REMEDY

Grew a Full Growth of Hair on a Bald Head

Here's the Proof

For two or three years my hair had been falling out and getting quite thin, until the top of my head was entirely bald. About four months ago I commenced using Wyeth's Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly, until now I have used four bottles. The whole top of my head is now fairly covered with hair and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

There is not an ounce of rosin in Sunny Monday Laundry Soap. Rosin is used in all other laundry soaps—because it is cheaper than the fats and oils used in Sunny Monday. ADMIT SIGNING AGREEMENT.

Manufacturers Tell Court Both Jobbers and Consumers Benefited by Combine—Deny Any Thought of Raising Prices by Forming Monopoly.

Pittsburg, April 20.—That the agreement entered into by sixteen manufacturers of sanitary enameled ware, charged by the government with violating the Sherman anti-trust act, was advantageous to jobbers and consumers of the United States, and that only a certain class of plumbers and their "exorbitant charges" were affected, was referred to by several leading manufacturers in the hearing here. The testimony was the most important given since the government inquisition began.

William P. Clow, president of J. P. Clow & Sons, Chicago, readily admitted his company signed the agreement because it would make an improvement in the enameled ware offered by the manufacturers to the jobbers. The companies were enabled to use a patent process that both facilitated the industry and maintained a standard price for sanitary ware. After the agreement was signed, he said, the jobbers made more money.

"The prices may have been higher," he said, "but the cost to the consumer was less."

"What was the cause of this?" asked Mr. Grosvenor, special assistant attorney general.

"The plumber," was the laconic response.

Mr. Clow said the plumber loaded the jobber down with alleged claims for imperfect wares, and these claims, under the patent process manufacturing, did not have a leg to stand on.

"How have the prices been since January, 1910?" asked Mr. Grosvenor.

"H—l," condensed he—l," answered Mr. Clow. "There is neither pleasure nor profit in selling enameled ironware now. We have been trying to get a resale price for years and this was the first decent one we ever had. Then the government steps in and breaks it up."

Other witnesses testified in a like manner. All of them said they had signed the agreement in order to get a better quality of goods.

STRANGE LIFE ROMANCE

Death Discloses Iowa Man Head of Two Large Families.

Chicago, April 20.—Two men, who met at the inquest over Michael H. Ahearn, a former real estate dealer of Creston, Ia., each claiming to be a son of the dead man, learned that Ahearn for fifty years had been the father of two large families, neither of which knew of the existence of the other.

At the inquest each of the two men stepped forward and identified the body of his father and gazed in astonishment at the claims of the other. A series of questions and a conversation between the two convinced both that each was right.

Ahearn, who was eighty-three years old, died suddenly at a hotel here. He had frequently been visited by a man sixty years old and once by a man of about forty years. From the story told by William Ahearn, the older man, who lives here, and by Matthew Ahearn of Creston, Ia., the father's history was learned.

William Ahearn said his father had left a wife with four small children in Ireland fifty years ago and had come to America. Matthew Ahearn said his father had married in Galesburg, Ill., in 1865 and seven children had been born, all but one of whom are living in Illinois and Iowa. His mother, he said, had been dead for nine years.

The elder man then told of coming to America with his mother, after the four children had become of age, and finding his father in Chicago.

The dead man left property valued at several thousand dollars.

E. L. Andrews

Funny Doings. Because he had no visible means of support the judge fined him \$30.

Later he braced up, settled down to work and saved his money. Later he built a little cottage to shelter himself and family.

Then the tax gatherer came along and fined him \$30 for having been frugal and enterprising.

If you spend your money freely you are foolish.

If you save your money you are a "tightwad."

If you have nothing you are fined for being without visible means of support.

If you save you are fined for being thrifty.

What's the use?—The Commoner.
